Hydrant Meter Policy

Hardin County Water District No. 2 (HCWD#2) will provide, upon request of consumer (USER), a temporary metered connection on a fire hydrant for consumer use. Prior to meter installation or use, the user must complete a Hydrant Meter User Agreement and an Application for Service as a Commercial user in person at HCWD#2 Customer Service Center. Once the user has established a Commercial account and has provided a \$2,000.00 deposit, HCWD#2 will install a 3 inch meter with backflow device to a fire hydrant within HCWD#2 territory in a location agreed upon by HCWD#2 and the user. HCWD#2 will have the final say as to which fire hydrant the meter will be connected to. The meter shall be connected, disconnected, or relocated by HCWD#2 personnel only. The user will be billed on a monthly basis or when service is terminated according the rates established for a 3 inch meter as set forth by HCWD#2 tariffs. Due to freezing temperatures, hydrant meters may not be available through winter months.
